Q Is there a library on news reports on competition, or major events, stories involving the competition, that are maintained in the competitive research marketing or product management groups?

Whether or not there's a central repository, I couldn't answer that, if there is. I know, for instance, there is reports that I do see occasionally that talk about competition and what they've done, and then obviously a lot about what we also are doing or have done.

19 O Is there a particular name of these type 20 of competition reports that you were referring to?

A I can't think of a specific name, no.

22 Q Do you know if Lawson subscribes to any 1 here?

74

2 Same thing. Prior to ePlus versus Lawson, we were not aware of anything about ePlus versus SAP.

against SAP involving the same patents as are in suit

4 Q Did you make specific inquiries of

5 individuals to make that determination?

6 Everyone that we've talked to at all the 7 meetings and stuff that we've had, it's never come 8 up.

9 Q But you didn't talk specifically to anyone 10 in the marketing department, correct?

11 Again, that would be going back through --12 Keith Lohkamp would have those connections. Keith 13 was involved in those meetings.

14 Do you know if Mr. Lohkamp made inquiries 15 of individuals in the marketing department about that

16 area?

17 A It would be a question probably best 18 stated to him.

19 Q But in order to prepare to testify today. 20 you didn't go back and ask him about that?

A I did not ask him that specific question,

22 no.
